

Name \_\_\_\_\_

## ROOM 12 SPORTS PARTICIPATION

30 in the class

$$7 \overline{)49} \quad 3 \overline{)27}$$

1. How many played basketball? \_\_\_\_\_
2. What fraction played soccer? \_\_\_\_\_
3. Add the three numbers. \_\_\_\_\_  
 (Think: how can the three bars total more than 30?)

$$8 \overline{)72} \quad 8 \overline{)56}$$

Armando had 42 baseball cards. He laid them out in 7 equal rows. How many cards were in each row?
